## 5. FIRE-FIGHTING MEASURES

### Suitable Extinguishing Media

Water spray, carbon dioxide, dry chemical powder, or appropriate foam.

**Unsuitable Extinguishing Media** Not determined.

### Specific Hazards Arising from the Chemical

Slight fire hazard--As with most organic compounds, fire is possible at elevated temperatures or from contact with an ignition source. Explosion potential unknown--If a substance is an organic solid, fine dust dispersed in air in sufficient concentrations in the presence of an ignition source is a potential for a dust explosion. Avoid inhalation of material or combustion by-products.

**Hazardous Combustion Products** May emit carbon monoxide, carbon dioxide, sulfur oxides.

### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

**Personal Precautions** Eliminate all ignition sources/slight fire hazard. Evacuate unnecessary people from area. Isolate spilled material. Ventilate area. Wear protective clothing to prevent contact with skin and eyes (lab coat, gloves, safety glasses). Wear NIOSH/MSHA approved respirator for dust to prevent potential inhalation irritation.

**Environmental Precautions** See Section 12 for additional Ecological Information. Keep out of waterways.

### Methods and material for containment and cleaning up

**Methods for Containment** Prevent further leakage or spillage if safe to do so.

**Methods for Clean-Up** If in solution, mix with sand or similar adsorbent material. Sweep up, seal in appropriate hazardous waste container, and hold for proper waste disposal. Avoid raising dust as it is a powdered material. Wash spill site after material pickup is complete. Dispose of contents/container to an approved waste disposal plant.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

**Advice on Safe Handling** Handle in accordance with good industrial hygiene and safety practice. Wear protective gloves/protective clothing and eye/face protection. Avoid breathing dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area. Wash face, hands, and any exposed skin thoroughly after handling.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep container tightly closed and store in a cool, dry and well-ventilated place. Store locked up. Store away from heat, sparks, open flame or any other ignition source.

**Incompatible Materials** Strong acids. Strong oxidizers.
